FARM FRESH: Sun Valley is the largest grower of White Oriental Lilies in North America—making them available year-round and in great quantities. The mild coastal climate of our farms—with the advanced computer systems controlling heat, fertilization, water and natural light—creates optimum growing conditions to produce healthy, strong Lilies.

LILY HISTORY: The Romans and the Greeks crowned their brides with lilies symbolizing purity and abundance. In both the Christian and pagan traditions, the lily is a fertility symbol.

CARE & HANDLING: Upon arrival cut stems and place into a clean container with fresh, tepid water with fresh flower food solution. Remove any foliage below the water. Keep in cool location out of direct sunlight and drafts. Replenish water as needed.
